OTHER HAPPENINGS

Although our first winter in the mountains of southwestern Virginia offered us a lot of snow and missed school, we have been blessed with the first daffodils of spring blooming before the end of February! We thank you for your concerns for our family and the camp. We hope that you enjoy this update.

Evangelical Covenant Church Midwinter and Camp Conferences

We were able to attend our denomination's conference in Chicago during the great blizzard of 2011! God provided for all of our travel expenses, and we were blessed to make connections with churches and individuals that have previously been to CMMBC, as well as introduce the camp to others.

Update on the Chapel Project...

We are getting very excited about the work to renovate the Chapel. As we shared in our last newsletter, our goal is to improve the Chapel to allow for year-around use and to restore it to a beautiful center of worship.

ECC Lafayette, IN will bring a mission team led by Tim Overman to CMMBC (March 26 - April 2). The Lafayette team plans to complete the demolition work, install the new ceiling, replace the basement door, and begin refinishing the church pews. In addition to purchasing the basement's replacement windows, ECC will raise part of the materials costs for the furnace and air conditioning.

Popejoy Heating and Cooling has volunteered to install central heat and air conditioning, but we must fund the material costs, which are estimated to be \$9000.

West Bay Covenant, Traverse City, MI plans to bring a team led by Woody Hansen (April 7 - 14). This group will install the basement windows and add the emergency exit with handicap ramp.

Christian Student Foundation (Ball State University, Muncie, IN) is bringing a team led by Mark Pike (May 7 - 14). This team of college students will help us to prepare for the camp season.
